***Election/Restrictions***

1. The reply filed on 6/24/02 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

In response to the restriction requirement, the applicant traversed the restriction requirement submitting that claim 1 is generic and that the examiner did not identify the groups of claims subject to restriction. However, in a restriction requirement involving species, the examiner is not required to identify the claim groupings, rather the examiner is required to identify the different species in the previous office action.

It is the applicant who is required to elect which species the applicant wants examined and to identify which claims belong to the elected species. As stated in the previous office action, "Applicant is required, in reply to this action, **to elect a single species** to which the claims shall be restricted if no generic claim is finally held to be allowable. The reply must also **identify the claims readable on the elected species**, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered non-responsive unless accompanied by an election."

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid withdrawal.

a) Contain either the statement "DRAFT" or "PROPOSED AMENDMENT" on the Fax Cover Sheet; and

b) Should be unsigned by the attorney or agent.
